Message from our Chapter Directors

August - Time to Ride

Next Meeting August 21 8:00 AM Family Pancake House 17621 Redmond Way Redmond, WA.

August is upon us and the riding season is in full swing. With the District Rally behind us, I would be remorse if I did not thank all of the Chapter Members that contributed to making **Chapter 'E' the largest Chapter in attendance and many of the chapter members who contrib**uted to the campsite decorations (Leah, Barb) and to all of you who came to the Rally and had

fun. There are so many people to thank within our chapter for stepping up and helping, so we are sure that we missed someone, but if we did 'Thank You'. Your efforts and abilities make our chapter what it is, which is an awesome Chapter. We would not want to be in any other chapter in the state.

So moving on, there are plenty of other rides and fun to have. There are several rides coming up for the Chapter, including the Crystal Mountain Ride, a ride down to SeaFair to watch the Blue Angels, also a trip over the mountains to Sue and Bob's place in Orondo. We hope you RSVP'd as this looks to be a really great time for everyone and a good ride over to the eastern side of the mountains. In addition to all of the great rides, we have our Chapter Meeting and Breakfast on the 21st, followed by another ride to the Ballard Locks for a picnic lunch. We are also keeping busy planning and attending the Thursday Socials, with different locations and exciting and fun places to meet and have fun with your fellow Chapter E members. This month in addition to some new places to eat, we are going to go back to Willow's Run for some of the miniature golf. Last year, many people came to the outing and it was a huge success and just plain fun. We have many folks who are great golfers, so I hope you can come and bring your family members as well. As I said, there is a lot going on within our chapter and all of the fun events that we do together. If you are into some longer rides, there is also the Region I rally in Tillamook, OR. followed by a migration ride from Tillamook to Kellogg, ID. for the Idaho District Rally. Our understanding is that is it about a 1500 mile ride with only 40 miles on the freeway, so lots of back roads and twisty corners for you to enjoy. The Region Rally is slated for 27^{th} - 29^{th} of August, so if you are interested, please register by going to the Region Website or the Washington District Website. There is also a link there for the migration ride as well as information regarding the I daho District Rally, which is being held over the Labor Day weekend. We know of several people within the Chapter that are going to both of these events, so we are fairly confident you will have a good time, if you decide to go. August is definitely shaping up to be a busy month for many in the chapter and we hope you are getting out and riding your bike. There are no excuses, now that the weather has decided to cooperate and is bringing sunny days and dry roads.

Don't forget that we have our Bend Weekend coming up in September (10th-12th), so will be getting more information out to you in the coming weeks for reservations. We may even plan a couple of good rides out of Bend for the weekend. I hear Scott and Karla have found some really great roads down there and we are pretty sure they will share with us.

Remember, if you see something that you think the Chapter would like to do and/or see, please feel free to let us know. We would be happy to take any and all ideas and suggestions to 'our' chapter membership to see if this is something we can all do as a group. This is YOUR Chapter, so please send all of your suggestions along and we will see what we can do to incorporate those into our Chapter gathering and events.

Till next month—Ride it!!

Interesting Driving Statistics

An important part of defensive driving is to make good choices about when and where you drive. To help you minimize your risk, the *Daily Beast* compiled some useful facts. Putting them all together suggests that you run the least risk of a fatal crash by driving on Christmas Day between 4 a.m. and 5 a.m. The risk is even lower if Christmas falls on a Monday.

On the other hand, you run the maximum risk of having a fatal accident by driving on 1-95 in Florida on June 10th between 9 p.m. and 10 p.m. when that date falls on a Saturday.

Here's a round up of the deadliest times and places to drive based on data from the National Highway Traffic Safety Administration (data is from 2008 or an average of the most recent three years) and from *The Daily Beast*, which recently compiled information on the most dangerous highways.

Most deadly days of the year to drive:

- 1. June 10
- 2. June 16
- 3. July 4
- 5. July 15
- 6. June 17

Noteworthy finding. Nine of the top ten deadliest days to drive are in late spring and summer:

Least deadly days of the year to drive:

- 1. December 25
- 2. February 27
- 3. March 20
- 4. January 24
- 5. January 15

Most deadly days of the week to drive:

- 1. Saturday
- 2. Sunday
- 3. Friday
- 4. Thursday
- 5. Tuesday
- 6. Wednesday
- 7. Monday

Noteworthy finding: You are 53% more likely to be in a fatal crash on Saturday than you are on Monday.

3 August 2010.

- 4. 3 p.m. to 4 p.m.
- 5. 7 p.m. to 8 p.m.

Least deadly times of day to drive:

- 1. 4 a.m. to 5 a.m.
- 2. 5 a.m. to 6 a.m.
- 3. 8 a.m. to 9 a.m.
- 4. 3 a.m. to 4 a.m.
- 5. 9 a.m. to 10 a.m.

Noteworthy finding: There is a 52% drop in fatalities from 3 a.m. to 4 a.m. and between 5 a.m. and 6 a.m.

Most deadly Interstate highways:

- 1. I -95, Florida
- 2. I-76, New Jersey
- 3. I-4, Florida
- 4. I -15, California
- 5. I-10, California

Most deadly atmospheric conditions:

- 1. Rain
- 2. Snow/Blowing snow
- 3. Fog, smog, smoke
- 4. Sleet/hail
- 5. Crosswinds

More interesting tidbits:

Over half of all fatal crashes in 2008 took place in rural areas. 60% of fatal crashes were one-car accidents.

In 2008 74.5% of all fatal accidents occurred on two-lane roads. Check on fatalities along roads you drive with SafeRoadMaps.org's marvelous new interactive map to crash data.

Fatal car accidents are down 15% from the peak in 2005, while fatal motorcycle accidents are up by 13% in the same time period.

In our ongoing quest for rider safety:

We will be offering an ARC class for those that would like to take it. Please let me know and I will put your name on the list. More info to follow if we have enough interest.

And remember: Drive on the right except to pass...
